Personal Info

- **Current Location:**
Berlin, Germany
- **Visa Status:**
Permanent Residence
- Germany

Mar 2022 - Nov 2024: New Market Development Manager, Morgan Advanced Materials, Berlin, Germany

A central role for strategic expansion plans & projects. The job started as "Head of BI" but moved into a data backed strategic developmental role.

- **Product Management & Innovation:** Lead market research and Need-Gap Analysis to Develop new products & redesign Product Development framework. Initiated multiple R&D projects.
- **Expansion Strategy:** Developed a \$275M inorganic expansion strategy (M&A) & implemented organic capacity expansion project (\$75M) by collaborating with senior stakeholders.
- **Project Management:** Delivered a Kaizen project globally to minimise industrial waste disposal costs by \$3m and Initiated ERP consolidation & centralization (Microsoft Dynamics 365) project globally.
- **Business Analytics:** Provided scenario analysis for pricing strategy & liquidity analysis for post acquisition impacts on business.

Apr 2020 - Feb 2022: Senior Marketing BI Finance Analyst, HelloFresh, Berlin, Germany

A bridging role between various financial, marketing & BI aspects of Hellofresh. It involved bringing Data Analytics, Data Science & Business Decision making together in an E-commerce B2C sector.

- **BI & Reporting:** Designed, developed, implemented & tracked Customer Profitability Predictions and Customer Cohort Economics (CCE), ROI & ROAS (Return on Ad-Spend) KPI's.
- **Data Science & Analytics:** Led the development of the regression-based models for Customer Cohort Value (CCV, +8%) prediction and profitability optimisation resulting in cost saving of ~\$0.2m.
- **Cross-Functional Data Solutions:** Established data quality rules, marketing BI frameworks, methods for market saturation analysis, inter-brand cannibalisation and optimisation of discount schemes.
- **Experimentation:** Guided CRM team (based on A/B tests) & Segmented customer based on funnel and cohort analyses to enhance click-through rates, conversions, and reactivations by 6% YoY.
- **Best Practices:** Led initiatives for improving infrastructure usage through query optimisation, scheduling and data standardization, thereby saving ~\$20k monthly in infrastructure costs.

Jun 2015 - Aug 2018: Global Business Analytics Manager, Toluna Inc, Gurugram, India

A team leader role directly working with COO & senior management on various aspects of Data infrastructure, Operational Efficiency & Client Services in a Knowledge Outsourcing (KPO)/Market Research consultancy firm.

- **Process Improvement:** Created & Led a cross-functional team of departmental heads to implement Lean six-sigma based operational improvements.
- **Data Management:** Implemented multiple solutions to consolidate data products & assets into a single source of truth setting up foundation for Master Data Management (MDM).
- **Product Management:** Led & Delivered a custom Analytical Product that provided consumer insights and Defined various project performance KPIs for client (Nielsen) adding ~\$1.6m to revenue.
- **Change Management:** Spearheaded Change Management Project based on insights from operational, client satisfaction & HR data. Delivered ~12% improvement in HR costs.
- **Team Management:** Managed the Reporting team with 12 members that built and maintained custom dashboards and reports, delivering actionable insights to stakeholders.

Jun 2012 - Jul 2015: Project Manager & Senior Financial Analyst, Dynata, New Delhi, India

As a PM delivering market research projects for clients acting as a research consultant. As FP&A analyst worked directly for CFO's and managed Indian financial reporting, Sales Analytics & Cash flow analysis.

- **Project Management:** Executed Volkswagen Brand Tracker along with many other marketing research projects across multiple geographies to measure brand awareness, brand equity, NPS, etc..
- **Training & Consultancy:** Trained team members & provided consulting to clients regarding projects feasibility, sampling methodology, questionnaire designing & vendor management.
- **Process Improvement:** Optimised capacity & project allocation planning to decrease operational costs & Bid Turn Around Time (TAT) & thus improving profitability by 10%.
- **Ownership:** Managed Indian financial reporting & reconciled reporting with audit requirements. Validated data in ERP ensuring alignment with actual business reporting & activity.
- **Stakeholder Management:** Owned & Presented Cash flow analysis & constantly tracked the company valuation for potential acquirers.

Jun 2008 - Jan 2010: Assistant Manager, GE Capital, Gurugram India

Part of only 60 odd new graduates pan India to Join GE, though started off as an analytical role but ended as a regional head for account receivables & collections.

- **Risk Management & Analysis:** Identified payment & purchase patterns of delinquent customers to develop targeted datasets for fraud detection & recovered ~\$12k per month from small markets.
- **Leadership:** Spearheaded the development of a SBU to integrate the collection process through legal framework & organised payment negotiation camps in Northern India.
- **Process Compliance:** Ensured strict confidentiality & compliance of data analysis procedures as per the financial data regulation as per Reserve Bank of India guidelines, with 0% default on compliance.

ENTREPRENEURSHIP:

Jan 2010 - Jun 2012: Entrepreneur, Nehra & Associates, New Delhi, India

Entrepreneurship initiative that helped corporate clients to invest & diversify their businesses. Supported banks for restructuring clients debt & asset liquidation.

- **Financial Restructuring:** Prepared scenario analysis for delinquent clients to explore possibilities for financing & revival of lost businesses including organisation & financial restructuring.
- **Asset Resolution:** Provided consultancy to banks for negotiation, liquidation, and asset recovery under SARFAESI Act 2002 and DRT Act 1993 (Indian Legislature).
- **Investor awareness:** Edited and refined educational modules on financial instruments for Money Bee Institute, aligned with NISM (national Institute of Securities Markets) standards.
- **Logistics, Public Sector warehousing:** Prepared, submitted and won the tender for a \$5m investment project, securing a 10-year agreement with project valuation of ~\$11m.
- **Horticulture:** Prepared valuation reports and bidding strategies for horticulture projects on a Public Private Partnership - Operate & Manage basis, facilitating successful business diversification (~\$2m).

INTERNSHIP:

Jan 2019 - Jun 2020: Data Analyst, Ommax, Munich, Germany

- **Reporting & Analysis:** Analysed customer's digital journey using tracking, call to action, keywords, & KPIs. Developed executive dashboards for e-commerce SME clients.
- **Client Management:** Provided consultancy (with support from mentor) to clients about tracking & improving consumer economics.

Jun 2007 - Aug 2007: Financial Consultant, ICICI Asset Management Company (AMC), New Delhi, India

- **Fund Marketing:** Marketing various mutual funds offered by ICICI AMC, educated relationship managers from private banks about existing Mutual Funds (MF) and New Fund Offers (NFO).

Jun 2005 - Jul 2005: Research Assistant, Talwar Research Foundation, New Delhi, India

- **R&D:** Assisted in manufacturing of DNA vaccine for prostate cancer by incorporating recombinant bacterial DNA in Tobacco plants to generate response triggering proteins when inoculated in mice.

Apr 2005 - May 2005: Research Assistant, Panacea Biotech, New Delhi, India

- **Medicine Manufacturing:** Completed the Industrial training programme at Panacea w.r.t medicine manufacturing operations and lab technology.
-
